

SPORT FOR LIFE

LAUNCH PROJECT

SPORT FOR LIFE IN BOTSWANA

PROJECT DESCRIPTION

The Botswana National Olympic Committee (BNOC), in partnership with the international movement Sport for Life, Olympic Solidarity and the Botswana Football Association (BFA), is opening applications for the Sport for Life Botswana Launch Project, to be organised at BFA’s headquarters in the city of Gaborone, between June 20th and July 2nd, 2022.

Sport for Life is a human development through sport programme focused on youth, that helps participants develop management and facilitation skills, encouraging them to empower themselves to find solutions to their challenges in sport and life in general.

The programme started in Timor-Leste (South-East Asia) in 2015, is present in 6 countries, mainly in Africa, and now arrives in Botswana!

With Sport for Life, participants acquire increasing skills and responsibilities over time, and especially through practice as volunteer organizers and facilitators. Most importantly, they become actors of change, replicating Sport for Life in their communities and throughout the country.

This opportunity is made up of two weeks of intense training. In the first week, participants will gain knowledge on how to organise sport activities with limited resources, including modules such as Leadership, Human Resources, Material Resources, Marketing & Promotion, among others. In the second week, a Train-the-Trainer is organised to train participants to become Sport for Life volunteer facilitators and replicators. Both weeks end with a multi-sport activity organised by the participants and the commitment of the graduates to organise regular sport activities in their respective communities.

IMPORTANT NOTE 1: Once selected, participants will have to sign an ethical pledge to secure their slot and pay a subscription fee of BWP 60 by the first day of the training.

IMPORTANT NOTE 2: The organisers will provide accommodation (shared rooms), breakfast and lunch at BFA for all participants during the training, and transport for the participants coming from outside Gaborone, with presentation of proof (one round trip from/to home province). Dinner is at the expense of the participants.

IMPORTANT NOTE 3: Admission in Week 2 is not automatic. Participants will have to fulfil a set of basic commitments (attendance, punctuality, and active participation) during Week 1 to participate in Week 2.

APPLY NOW AND EXPERIENCE THIS UNIQUE OPPORTUNITY!

APPLICATION PROCESS AND SELECTION

The organisers reserve complete management of the selection of participants, considering the following criteria:

MINIMUM SELECTION REQUIREMENTS

- Botswana General Certificate of Secondary Education
- Excellent written and oral communication skills in English; fluency in a local language is a must
- Experience in implementing integrated projects under sport
- High level of involvement in community sport and willingness to be a social changemaker through sport
- Dynamic, motivated, and result-oriented

OTHER VALUABLE CRITERIA

- Organization and facilitation skills with groups and trainings
- Good communication and human relations skills
- Knowledge of project planning and management
- Experience of working with non-governmental and community-based organizations
- Highly reliable and autonomous, with the ability to take initiative
- Able to interact well with children and teenagers

The organizers will also take into consideration gender balance in their selection.

RESPONSIBILITIES OF PARTICIPANTS WHEN SELECTED AND TRAINED

- Be committed to being active Sport for Life multipliers
- Maintain high levels of positive energy and update their skills wherever possible
- Organise and facilitate courses and co-organise sporting activities and events
- Transmit Sport for Life values and methods to new participants
- Developing courses that help participants learn essential skills
- Regular contact with the National Coordinator of Sport for Life
